TENTATIVE PROGRAM

Immunotherapy of cancer beyond checkpoint inhibitors

[CaixaForum](#) Madrid, 16th and 17th of December 2024

International Symposium

“Immunotherapy of cancer beyond checkpoint inhibitors”

Coordinator

Ignacio Melero. University of Navarra (UNAV), Clinic University of Navarra (CUN) and Foundation for Applied Medical Research (FIMA).

Scientific Committee

Ignacio Melero, Pedro Berraondo, María Rodríguez Ruiz, Miguel Fernández de Sanmamed, Fernando Aranda, Antonio González.

Date

December 16th and 17th, 2024

Venue

[CaixaForum Madrid](#)

P.º del Prado, 36, 28014 Madrid. Spain

SCIENTIFIC PROGRAM

16th December (Monday)

09.45 - 10.20. Registration

10.20 - 10.30 Welcome- Ignacio Melero

Session 1: Chair Pedro Berraondo López

10.30 - 10.50 Opening Keynote Lecture: Guido Kroemer- Centre de Recherche des Cordeliers, France

"Understanding and exploiting immunogenic cell death"

10.50 - 11.00 Q&A

11.00 - 11.20 Laurence Zitvogel- Institut Gustave Roussy, France

"Microbiota and cancer immunotherapy"

11.20 - 11.30 Q&A

11.30 – 11.50 Ignacio Melero Bermejo - CIMA / CUN, Spain

"Cancer Immunotherapy: Teaching old dogs new tricks"

11.50 - 12.00 Q&A

Session 2: Chair María Rodríguez Ruiz

12.00- 12.20 Inge Marie Svane- National Center for Cancer Immunotherapy, Denmark

"Vaccination against immunosuppressive factors"

12.20 - 12.30 Q&A

12.30 - 12.50 Michael Dustin- University of Oxford, UK

"Immune synapses as immunotherapy targets".

12.50 - 13.00 Q&A

13.00 - 13.20 Marisol Soengas- CNIO, Spain

"New targetable immunosuppressive factors".

13.20 - 13.30 Q&A

13.30 - 15.00 Buffet type LUNCH

Session 3: Chair Antonio González

15.00 - 15.20 Luis Diaz- Memorial Sloan Kettering Cancer Center, USA

"Colon cancer immunotherapy"

15.20 - 15.30 Q&A

15.30 - 15.50 Myriam Chalabi- Netherlands Cancer Institute, Netherlands

"Neoadjuvant immunotherapy for MSI colon cancer"

15.50 - 16.00 Q&A

16.00 - 16.20 Mariano Provencio- IDIPHIM, Spain

"Neoadjuvant immunotherapy of lung cancer "

16.20 - 16.30 Q&A

16.30 - 17.00 Break

Session 4: Chair Miguel F. Sanmamed

17.00 - 17.20 Miriam Merad- Icahn School of Medicine at Mount Sinai, USA

"The myeloid tumor microenvironment: opportunities for intervention "

17.20 - 17.30 Q&A

17.30 - 17.50 Joan Seoane- VHIO, Spain

"Immunosuppressive cytokines in cancer immunology and immunotherapy"

17.50 - 18.00 Q&A

18.00 - 18.20 Antoni Ribas- UCLA, USA

"How industry and academia should collaborate"

18.20 - 18.30 Q&A

18.30 - 18.50 Sebastian Kobold- Klinikum der Universität München, Germany

"Improving T-Cell transfer strategies"

18.50 - 19.00 Q&A

17th December (Tuesday)

Session 5: Chair Juanjo Lasarte

09.00 - 09.20 Miguel López-Botet- University Pompeu Fabra (UPF)-Hospital del Mar Research Institute (IMIM), Spain

"Mechanisms of NK cells in cancer immunotherapy "

09.20 - 09.30 Q&A

09.30 - 09.50 Alena Gros- VHIO, Spain

"On TILs and neoantigens "

09.50 - 10.00 Q&A

10.00 – 10.20 Benoit Van den Eynde- University of Oxford, UK

"Adrenergic control of antitumor immunity"

10.20 - 10.30 Q&A

10.30 - 11.00 Break

Session 6: Chair Ignacio Melero

11.00 – 11.20 Iñaki Etxeberria- Memorial Sloan Kettering Cancer Center, USA

"TCRs recognizing shared oncogenic mutations "

11.20 - 11.30 Q&A

11.30 – 11.50 Daniela Thommen- Netherlands Cancer Institute, Netherlands

"Ex-vivo assessment of tumor immunotherapy"

11.50 - 12.00 Q&A

12.00 - 12.20 Closing Keynote Lecture: Pablo Umaña, Switzerland

"Chimeric proteins to unleash antitumor immunity "

12.20 - 12.30 Q&A

12.30 - 13.00 Meeting Adjourns Ignacio Melero
